## BIDDER'S SUMMARY References and Instructions

The California Legislature has declared that it serves a public purpose and is a benefit to the state, to encourage business investment, promote job development, and to facilitate job maintenance in economically distressed areas of the state. It is the intent of the Legislature to further these goals by providing appropriate preferences to California based companies submitting bids or proposals for state contracts to be performed at worksites in economically distressed areas by persons with a high risk of unemployment, when the contract is for goods or services in excess of \$100,000. To obtain preferences, the bidder must show that a minimum 50% (for Goods contracts) or 90% (for Services contracts) of the projected employee labor hours necessary for the contract will be performed within the economically distressed area.

If the bidder requests TACPA, EZA, and/or LAMBRA contract preferences<sup>1</sup>, the *Bidder's Summary* form must be completed and signed by the bidder, for each requested preference. The purpose of this form is to give the state contracting official, a tool to evaluate the total bidder employee labor hours required to complete this contract either inside and outside the preference areas.

#### Section I

**Solicitation Number**: Enter the solicitation number identified on the front page of the Invitation For Bid for which this form is

being submitted.

Agency/Dept: Enter the name of the buying Agency and/or State

and Consumer Services Department (e.g.

Department of General Services or DGS).

<sup>1</sup> Enterprise Zone Act GC § 7070 et seq.; the Target Area Contract Preferences Act, GC § 4530 et seq., and/or the Local Agency Military Recovery Area Act (LAMBRA), GC § 7105 et seq.

#### Section II

The purpose of this section is to capture the bidder's projected employee labor hours to perform this contract. Hours projected should only be those that the bidder itself will use and does not include manufacturing, or any other subcontracted hours.

Product Type/Line Item: List the product type/line item as specified

on the solicitation. Separate each product type to match the line items on the

solicitation.

**Contract Volume:** List the product unit (i.e. # cases, lbs, etc.).

Use the same quantity and unit measure

as specified in the solicitation.

Hours For This Contract: Provide the projected number of employee

labor hours to be used by the bidder in the performance of this contract. Hours may

include, for example, Administrative, Warehousing, Shipping, Handling, and/or Other. It does not include time the

product is stored.

Grand Total: List the cumulative employee labor hours for

the entire contract period.

### Section III

Section III must be completed and signed by the bidder.
